**Subject:** Fun moment

I had a fun moment this weekend! My wife and I decided to drive my little car down to a car show in Dallas... I was just going to park in the adjoining lot and then go in to check out the 200 or so vintage cars and trucks. The attendant insisted that I pull into the show area and register. We hung out for a couple of hours during the judging and then I was speechless when they called my name as Class WINNER in the 1950-59 car class. I was fully upfront registering it as a 2002 Intermeccanica Coach-Built Reproduction. What a hoot!
