Subject: Our new Roadster

Hi Henry,

We just returned from a great trip to Yosemite, we drove every paved road in the park and had a ball! Our 1.8 Turbo Roadster was a wonderful travel vehicle and attracted a crowd whenever we parked. The color combination is beautiful and the leather interior color, Absolute Tomato, received continuous positive comments. As you know, I had my doubts about the Maus Grau and "red/orange" distressed leather but the compliments from the park visitors we met have eliminated all doubts! This Roadster is simply a stunning automobile. Performance was excellent too!

Intermeccanica's combination of the water-cooled 1.8 Turbo, 4-speed transmission and the Porsche 911 suspension simply swallowed all the curves that the back roads could provide. You know how much I enjoyed my 2001 Intermeccanica Speedster, but for me, the mechanicals in my new Roadster is the way to go.

Thank you and your team for creating this beauty and helping to fulfill another dream.

Michele and I are looking forward to driving up to next years BBQ/tour

By the way, Michele loves the heated seats, the power windows, the wind screen and the outward visibility that the roadster top provides.

Thanks again to you and "Team Intermeccanica". Please feel free to put any future clients in contact with me, I love to talk about my car!!

All the best,

Dale Bates
