Subject: Couldn't be happier!!

Hello Henry,

I have been taking advantage of our unusually warm Cape Cod spring weather and have had the Roadster out a few times. I can't tell you how happy I am with your fantastic Roadster. I have owned dozens of classic cars over the years, including original 356's. None has the build quality, the ride comfort and sheer "head turning" beauty of my new, Radium Green Intermeccanica. It is a joy to own. Henry, please feel free to use my name as a reference. I would be more than happy to let prospective buyers from the Northeast test drive my Roadster.

Love it!

Dr. John Mancini
